About Spectur Limited

Spectur Limited is an Australian based company which designs, develops, manufactures and installs security and surveillance systems for powered and non-powered / remote locations. Spectur's core product is the HD4 security camera system, a solar powered battery backup security system which is remotely accessed and connected via 3G/4G technology.

The Company has focused on growing its revenues by increasing its current market share in Australia for solar-powered security surveillance products and by penetrating other key strategic markets.
